

SLINGS

Clinical Assessment and professional Judgement may be needed to determine the appropriate FIT and SIZE, as well as TYPE of sling for each individual patient / client. Sling selection often depends on a number of factors such as medical conditions, goal of the transfers, current floor/ ceiling lift system and the amount of support the patient requires.

The below equipment resource offers a variety of slings for positioning, however please contact the MSIP Team to discuss specific patient needs related to hammock, hygiene or universal slings, and/or fabric selection. The attached link has been provided if patient sling fitting and sizing need to be determined with one of our MSIP consultants.

Slings that may not require clinical assessment and professional recommendations and can be ordered through STORES include:

Limb / Band Slings – to be used under a leg or arm to lift with mechanical or ceiling lift. The lift holds the limb suspended for care provision, thus eliminating the need for a second assist to hold limb for an extended period of time.

Prism - SKU 00268 - \$ 230.00

Arjo - SKU 02000 - \$117.88
 Arjo Bariatric - \$234.69

Repositioning Slings – used as an option to lift over bed and move up, down, side to side or roll onto side allowing lift and sling to do the lifting and moving when that is difficult due to the weight of a client, pain level, etc. It stays in place on the bed.

Prism - SKU 02009 - \$275.00

Prism Mesh - SKU 02010 - \$275.00

Arjo Regular - SKU 00618 - \$432.29

Arjo Bariatric – SKU (TBD) - \$730.01

Guldmanns Repositioning Sling

SKU 04173 Regular (49" x 82") Cost: \$ 115.73

SKU (TBD) Bariatric (64" x 76") \$160.35

Turning Slings – Used to turn a client that is difficult to turn for possible reasons of pain, resistance, weight, etc. It is inserted for use and removed following use.

Guldmann Twin Turner - SKU 02001 - \$122.36 (Regular)

- \$132.56 (Large)

Prism Tri Turner – SKU 50778 - \$225 (Medium)

- \$245 (X-Large)

Sling Extension Straps – are extensions that can be looped through the shoulder loops of a sling when someone is on the floor requiring a mechanical lift. It will reduce the need for lifting shoulders up to hook onto the lift, by increasing the length of straps. They can be stored in a bag that is tie clipped to the lift so they are always accessible.

Guldmann Extension Straps (2 piece) Available in 8" or 12" lengths ~ SKU 04172 – Cost: \$6.67

Prism (521015) Sling Strap Ext. Loop (6 Pcs) \$110.00

Prism Ergoslide with Foot Loop – With Rehab Services approval, the one-way chair slider is positioned over the wheelchair cushion with the strap positioned to the back between the back and the seat of the wheelchair. When a client has slid down on the seat, the caregiver can step on the foot loop to slide the client back in the chair. It should be used with a foam seat cushion that will provide some grip to keep the one-way chair slider in place.

NS230540 – Cost \$ 195.00

Sliders – Can be used for clients who require assist for bed positioning or for assisted sliding board transfers, sling application in chair, swivel lie to sit, etc.

Prism Ergoslide Plus 2300

SKU 02229 – Cost is \$185.00
 Dimensions are 42.5" x 31.5".
 This is the small tube slider without handles

Prism Ergoslide Plus 2100

SKU 02227 - \$205.00
 Dimensions are 61" x 28.25"
Larger tube slider with handles.
 It can be used for any repositioning task requiring more coverage under a client. It can also be used to move someone in an awkward location to re-locate to an area where a lift can be used

Prism Ultra Ergo Sheet 2200

SKU 02228 - Cost is \$225.00
 Dimensions are 56" x 32
 This is a single slider sheet that is used in pairs OR over on itself so that two layers are sliding in contact with each. Cost is for set of 2.

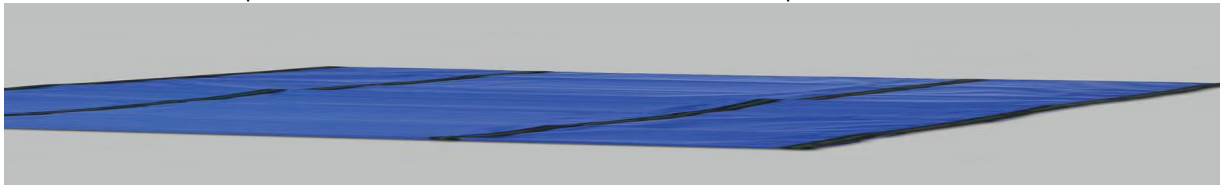

Prism Bariatric Ergoslide 2101

SKU 00269 – Cost is \$ 295.00
 Dimensions are 61" x 46"
 Wider dimension than the large single tube slider folded

Prism Ergoslide Lateral Transfer 4400 SKU 00267 – Cost is \$295.00

Dimensions are 61" x 46"
 This is a slider with Multiple Handles. The slider is inserted under a client to complete a lateral transfer between two surfaces.

Swift Sheet Sets

Swift Slider Top Sheet –It is positioned on top of the fitted Swift sheet and under lower border of pillow, under the shoulders and hips of the client. The Top sheet is used in conjunction with the fitted sheet (see below).

Sizes are available and differ in the color of the backing and the length of the coverage under the client’s torso.

Colours: *Regular width/length – Blue Colour Top Sheet*

Bariatric size Or Additional Length/Width for Torso accommodations - Yellow Colour Top Sheet

Stretcher Sized Sheets - Orange Colour Top Sheet

SKU 01998 (Single bed) - \$18.89

SKU 00355 (Bariatric bed) \$21.05

PTD-31 (Stretcher) \$18.19

Standard: 40” x 72”

Large: 50” x 72”

Stretcher: 40” x 54”

Swift Ultraslide Bottom Sheets

Note: The client’s body should fit within the slider strip width, and would dictate whether regular or a larger size is used. The Bottom 1/3 of the slider strip should be covered if bare skin is in contact with it, to avoid potential redness of skin. The bariatric or large size of fitted bottom sheet can fit BOTH on a bariatric bed or on a standard sized bed.

SKU 01999 (Twin bed bottom) = \$ 29.95

SKU 0354 (Large Size) 48” = \$42.13 OR 54” = \$43.09

Transfer Belts

Transfer belts are positioned at the narrowest part of a client’s torso. They are used by caregivers when a client needs physical assistance to stand and for balance assistance when walking.

The Sunnyfield Transfer Walking Belt: Order with MDA - #2000

047752 (Small - Yellow)	22" – 34" range	\$70.79
047753 (Medium – Red)	26" – 44" range	\$70.79
047754 (Large – Green)	32" – 52" range	\$70.79
047755 (XL – Blue)	36" – 61" range	\$70.79

Parson’s Deluxe Padded Gait Belt – SKU 02226

17S240S (Small - Blue)
24" – 30" range
Cost is \$79.95

17S240M (Medium - Green)
28" – 48" range
Cost is \$79.95

17S240L (Large - Black)
40" – 64" range
Cost is \$79.95

Prism Ergobelt Plus 3100 - SKU 02230

Blue in color and padded
Cost is \$110.00
