FROM/EXPÉDITEUR : Tamara Burnham, Collaborative Practice Lead
DATE : November 20, 2024 **PAGE(s) :** 2
SUBJECT/OBJET : Conversion to Kangaroo OMNI Enteral Feeding Pump

Southern Health-Santé Sud (SH-SS) will be converting to Kangaroo OMNI enteral feeding pumps on December 10th, 2024. This is part of an urgent provincial conversion from the Kangaroo ePump and Joey Feeding Pumps due to supply shortages for current feeding system consumables.

The SH-SS current and future state expected pump distribution is indicated in table below:

Site	Current State -Kangaroo ePump	Future State – Kangaroo OMNI Pump
Portage	5	5
Bethesda	5	5
Boundary Trails	5	5
Altona	1	1
Ste Anne	1	1
De Salaberry	1	1
Carman	1	1
Notre Dame	1	1
Morris	0	1
Rock Lake	0	1
Heritage Life PCH	1 (*borrowed from BRHC)	1 (*borrowed from BRHC)
Pump Total	20	22

It is expected that all pumps not in use will change over at end of day on December 9th. Pumps that are in use will change over December 10th between patient feeding times. All old Kangaroo ePumps are to be sent to the facility/program Physical Plant Department for return.

The new consumable supplies for Kangaroo OMNI pump are listed on page 2 and are available from SH-SS Logistics & Supply Chain Management (LSCM). Facilities/programs will be responsible to update order forms and order supplies for December 10th start. All old Kangaroo ePump consumable supplies should be returned to each facility/program LSCM Department.

Kangaroo OMNI pump train-the-trainer sessions have been arranged for Educators and Super Users. Education to clinical staff will be done by facility/program Staff Development Educators.

Tube Feed Pump Conversion Consumables-Old Replace with New-December 2024
