Clinical Practice Issue: Nurse Managed Care Anaphylaxis

Date:	Note:	NPC Member Print Name	NPC Member Signature
Dec 4, 2023	Lorraine Cassan & Vanessa Siemens in agreement with NPC recommendation to use similar process to community flu clinics (anaphylaxis kits). This would base direction off “Anaphylaxis Management Post Immunization in Community” policy and add to “Nurse Managed Care” policy rather than having signed Anaphylaxis Standard Order Set since has a lot of additional detail beyond administering epinephrine. Tamara to assist with follow up.	Tamara Burnham	T.Burnham
Jan 23, 2024	Update provided at NPC team meeting. Work not yet started re: policy update.	Tamara Burnham	T.Burnham
March 26, 2024	NPC meeting-Combined working group from NPC and ER Council have done regional/provincial environmental scan. SBAR and Prairie Mountain Health Clinical Decision Tools (CDTs) shared at March ER Council meeting and endorsement given to do SH-SS policy revision and create SH-SS CDTs. NPC members endorsing work and excited about using CDTs in practice.	Tamara Burnham	T.Burnham
