

## Background

### Accreditation Canada Leadership Standards

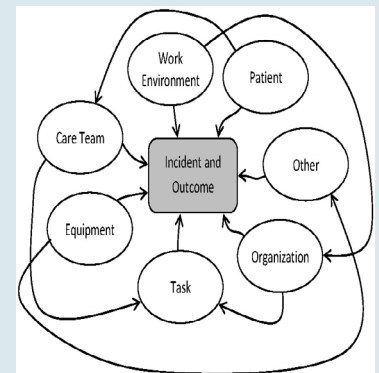

- 15.8- At least one patient safety-related prospective analysis has been conducted within the last year and appropriate improvements are made as a result.

## Topic Chosen

## Goal

## CIAF

- The Canadian Incident Analysis Framework (CIAF) is a method used in Southern Health Santé Sud for conducting retrospective reviews i.e.) critical incident reviews. The CIAF can also be used when conducting prospective reviews (looking forward) by a particular identified theme looking at opportunities for system improvement.

## Findings of the review

## Recommendations

## Follow-Up

“If everyone is moving forward together, then success takes care of itself.”  
Henry Ford
